2019 Cyclo-cross training camp invitation

Dear President,

Further to the previous letter sent from the Deputy Sports Director & Head of Off-Road, Mr Peter Van den Abeele, we are now ready to receive your applications for the Cyclo-cross camp which will be held from **Tuesday 1st – Sunday 6th October 2019**. The camp is open to athletes of National Federations affiliated with the UCI (priority will be given to Juniors, U23, and Women).

Athletes attending the camp will have the opportunity to participate in the international Cyclo-cross race held at the UCI headquarters and its surroundings in Aigle, on Sunday 6th October (EKZ CrossTour), as conclusion of the camp.

The camp will focus on the physical, technical, mental, and organizational aspects of competitive Cyclo-cross and will serve as excellent preparation for future international competitions.

Specifically:

- High level coaching from Cyclo-cross experts;
- Use of the terrain and facilities at the World Cycling Centre including the Cyclo-cross course which has been used in several past World Cups and for the international race held on the 6th October;
- Full days of training including conditioning; technical Cyclo-cross training; road training and education;
- Full-board accommodation at the Mon Séjour in a dormitory facility, with breakfast, lunch and dinner at the World Cycling Centre's restaurant 'Le Vélodrome';
- Transportation to/from the camp, as well as health/accident insurance are the responsibility of each Federation and/or the individual rider;
- Riders must provide their own bikes, related equipment and shoes/helmet. A list of what to bring will be included in the Welcome Packs which will be sent once the selections have been finalised.

As there are a limited number of positions available for the camp, we highly encourage you to submit your suggested candidates to formation@uci.ch by the **30th June 2019** with the completed questionnaire and a copy of the athlete's passport.

Final logistical information will be sent once the selections has been finalised.

We look forward to hearing from you.

Yours sincerely,

Frédéric Magné
Director General, WCC
